

The Health of the Children of the Ummah is at Risk without the Khilafah

News:

On the 20th of October 2022, the BBC reported that Indonesia has banned the sale of all children's cough syrups after 99 children died from kidney failure. It was discovered that high levels of illegal toxins existed in the contaminated medications. Officials fear that the exact number of deaths is unknown as the syrups had wide circulation.

This devastating story comes just weeks after a cough syrup in The Gambia was linked to the deaths of nearly 70 children.

The World Health Organization (WHO) found the syrups used there - made by an Indian pharmaceutical company contained "unacceptable amounts" of diethylene glycol and ethylene glycol. The syrups have been "potentially linked with acute kidney injuries" (AKI).

The Indonesia's Health Minister said the same chemical compounds were also found in some medicines used locally. Indonesian health officials said they had reported around 200 cases of AKI in children, most of who were aged under five. (BBC)

Comment:

The need for global domination in the pharmacy supply race means that unscrupulous manufacturing practices exist globally often with government corruption facilitating it.

Currently in the COVID crisis many leaked documents have shown how vaccines were widely distributed without the usual testing measures earning billions of dollars for the stake holders involved. Until now no one of these parties have been brought to justice for these crimes against the most vulnerable and innocent of our Ummah.

The scandal of greedy companies using the world's population as a human testing laboratory is unchecked and we can only expect many more fatalities and injuries to occur.

In the correct Islamic structure, life and its sacred status is protected with our ease of infringement.

Abdullah ibn Mas'ud reported: The Messenger of Allah, peace and blessings be upon him, said during his farewell sermon: «أَلَا أَيُّ شَهْرٍ تَعْلَمُونَهُ أَعْظَمَ حُرْمَةً» **“Which month do you believe has the greatest sanctity?”** They said, “This month of ours, Dhul Hijjah.” The Prophet said: «أَلَا أَيُّ بَلَدٍ تَعْلَمُونَهُ أَعْظَمَ حُرْمَةً» **“Which city do you believe has the greatest sanctity?”** They said, “This city of ours, Mecca.” The Prophet said: «أَلَا أَيُّ يَوْمٍ تَعْلَمُونَهُ أَعْظَمَ حُرْمَةً» **“Which day do you believe has the greatest sanctity?”** They said, “This day of ours, Arafat.” The Prophet said: «فَإِنَّ اللَّهَ تَبَارَكَ وَتَعَالَى قَدْ حَرَّمَ عَلَيْكُمْ دِمَاءَكُمْ وَأَمْوَالَكُمْ وَأَعْرَاضَكُمْ إِلَّا بِحَقِّهَا كَحُرْمَةِ يَوْمِكُمْ هَذَا فِي بَلَدِكُمْ هَذَا فِي شَهْرِكُمْ هَذَا أَلَا هَلْ بَلَّغْتُ؟» **“Verily, Allah the Exalted has made sacred your lives, your wealth, and your honor except by right of justice, just as your day, your city, and your month are sacred. Have I not delivered the message?”** Then the Prophet said: «وَيَحْتَكُمُ أَوْ وَيَلْتَكُمُ لَا تَرْجِعُنَّ بَعْدِي كُفْرًا يَضْرِبُ بَعْضُكُمْ رِقَابَ بَعْضٍ» **“Beware! Do not return to unbelief after me by striking the necks of each other.”** (Sahih Bukhari)

The return of the righteous structure of the Khilafah (Caliphate) would ensure the correct regulations are in place to protect the lives of the beloved precious children in Islam. The mothers of this Ummah are mourning the needless loss of their babies due to the absence of the Amir of the believers to bring the Quran and Sunnah into the practice of the world and out of the pages of the Quran.
