

## “Gaza” in Central Asia: People vs Regimes

### News:

More than 100 people were detained in Tashkent who tried to hold and take part in an unauthorized rally in support of Palestine on Sunday, October 29. Calls for the action appeared on social networks several days before. Activists prepared a banner that copied the banner of the rally in support of Palestine, which took place in Istanbul a day earlier, on Saturday. The banner read “Shoulder to shoulder with Palestine” and “15 days does not scare me.”

In Kazakhstan, banners with the inscription “We are with you” were hung in front of the Palestinian embassy, and several women also tried to hold a picket in support of Palestine, but the Kazakh police stopped the event.

In the capital of Kyrgyzstan, Bishkek, an action in support of Palestine was also held; participants of the action came to the park named after Gorky with posters that read “Free Palestine!”, “Stop war” and “Zhurogumdosun Palestine” (Palestine in my heart). As it became known, local activists have opened accounts to collect aid for residents of the Gaza Strip.

### Comment:

Since October 7, the whole world has watched the destruction of the people of Gaza. All so-called the “civilized world” sided with the Zionist regime, helping in every possible way in the destruction of the people of Gaza and sending ‘Israel’ military, weapons and billions of dollars. Ordinary people in various Muslim countries, unlike their rulers, stood up for the Palestinians, regardless of opposition and possible consequences.

Of course, for Muslims it is a double pain - helplessly watching what is happening. Residents of the entire Islamic world took to the streets and continue to take to the streets, demanding that their rulers stop this massacre by sending in armies. The peoples of Central Asia also feel and are in solidarity with the pain of their co-religionists.

It is also worth noting that more than two hundred thousand barrels of oil are delivered to the Jewish entity’s ports every day, most of which is imported from Muslim countries. Kazakhstan ranks first in oil supplies to the Zionist entity, while Azerbaijan is in second place.

Let us recall that as a result of incessant rocket and artillery attacks from the Jewish entity in the Gaza Strip, more than 10 thousand people have already been killed, about 4 thousand of whom are children.
