News:

The former US ambassador to the Jewish entity, Martin Indyk, on Thursday 20 June decided to withdraw the invitation to Jewish Prime Minister Benjamin Netanyahu to deliver a speech before Congress. This is in order for him to apologize for accusing the administration of President Joe Biden of withholding weapons from "Israel," while Jewish media said that Netanyahu prefers a public confrontation with Washington. Netanyahu is scheduled to deliver a speech before both houses of Congress on July 24, under the pretext that this symbolizes the permanent relationship between the United States and the Jewish entity. Indyk's statements come after a conference by Netanyahu last Tuesday, 18 June, in which he attacked the United States, saying, "It's inconceivable that in the past few months, the administration has been withholding weapons and ammunitions to "Israel."... "Israel," America's closest ally, fighting for its life, fighting against Iran and our other common enemies." He also said that US Secretary of State Anthony Blinken assured him that the Biden administration is working to abolish restrictions imposed on arms shipments to "Israel," which Blinken refused to confirm. Last May, the Biden administration halted a shipment of bombs weighing 2,000 pounds and 500 pounds, due to concerns about the impact they could have in densely populated areas. But the Jewish state is still scheduled to obtain American weapons worth billions of dollars ([Translated from Al Jazeera Arabic](#)).

Comment:

Since the ferocious attack launched against Gaza after 7 October 2023, in which the Jewish state was the spearhead, the media has been circulating news of disputes between the worst criminals, from amongst Western leaders and the Jewish state. The news cites anger, denunciation, resentment, and frustration, from various international powers, led by the Biden administration, towards Netanyahu and the criminal government that he heads.

What is worse is that many observers, activists and media professionals, from various parts of the world, are being misled by this whirlwind of allegations. They are misled to the point where they have come to rely on these verbal "disagreements" or formal "opposition" to stop the genocide in Gaza. It is as if the demonstrations being organized in the streets Tel Aviv will grant victory for the people of Gaza, or put an end to the Jewish crimes.

There is no doubt in this brutal war that the West is the strong rope to which the Jewish state clings. It is the umbilical cord that fuels its evils. This despicable entity would neither have stood up against this Ummah, nor could it have withstood even a small group of Muslims, had it not been for this rope. There is also no doubt that the alleged disputes between the Crusader allies, and their proxy, vassal state and military base in the region, the Jewish entity, did not affect their cooperation, in

supporting the Jewish entity with money, weapons, and men... The alleged disputes did not deter the massacres of the Jewish entity, nor even slow down its crimes. So over what disputes is the media raising hue and cry?!

Any political analysis must be rooted in established political concepts, which are the reference upon which the political reality is analyzed. The analysis cannot be contrary to the political concepts in which the analyst or political observer believes. Therefore, understanding the concept that a proxy vassal state, that depends on a superpower, cannot rebel against its masters, is vital. Its fate is in the hands of the superpower. There is no leniency or tolerance in politics in such matters, even if it is necessary to resort to personal assassinations, as happened with Kennedy, Rabin, and others. Such awareness calls into question the “disagreements” in the statements circulated by the media. Such awareness refutes the existence of a real rebellion of the Jewish state, against the American administration and other Crusader alliance countries.

The formal disputes that are broadcast here and there, and the crocodile tears that are shed by all parties, including international organizations, such as the “international court of injustice” and the “international court of crimes,” are all to calm public opinion and pin hopes on the existing order. They are to give the Crusader alliance, and with them the Jews, sufficient time to kill more, and eliminate their enemies. They are also to prepare world public opinion, including the Islamic world, to accept the conspiracies of the “two-state solution.”

If the Ummah and its armies, stationed in their barracks, do not move to overthrow the agent rulers in the Islamic world, and establish the Khilafah (Caliphate) on the Method of the Prophethood on their ruins, then the Crusader alliance will be able to implement its evil plan. It will become more empowered in our lands. It is not far-fetched to conceive that the Jewish state will be installed as king over the states of harm existing in the Muslim World. This would be within a plan that becomes known as the initiative to follow the “Abrahamic religion.” Then the Ummah will be required to exert more effort, blood, and suffering to be freed from this vile enemy. Let the aware people in the Ummah beware of this and rectify their situation before it is too late.

﴿وَإِنْ تَوَلَّوْا يَسْتَبَدِلْ قَوْمًا غَيْرَكُمْ ثُمَّ لَا يَكُونُوا أَمْثَالَكُمْ﴾

“If you still turn away, He will replace you with another people. And they will not be like you.” [TMQ Surah Muhammad 47:38]
