

## The Issue of Gaza Will Be Resolved by the Commanders of the Armies of Muslims, Not the Tools of Colonialism

### News:

“Arrest warrants issued for ‘Israel’s’ Prime Minister Benjamin Netanyahu and former defense minister over alleged war crimes threaten to deepen the global isolation of a country already under pressure around the world for its handling of the war in the Gaza Strip.” ([Wall Street Journal](#))

### Comment:

The International Criminal Court (ICC) issued warrants the same day that a fourth ceasefire resolution was presented in the United Nations Security Council (UNSC) for voting. Will these new developments end the Jewish military campaign against the Muslims in Gaza and the wider region? The answer is no. ‘Israel’ responded to the developments by launching air attacks across Gaza, martyring ninety Muslims within twenty-four hours. As for the principle supporter of the Jewish entity, the United States, it vetoed the fourth Gaza ceasefire resolution in the United Nations Security Council (UNSC).

The criminal Jewish aggression against the Muslims of Gaza has entered into its second year. Several United Nations resolutions and rulings from international Criminal court of ICC have failed to bring any material change on the ground. Instead, the Jewish aggression has only intensified in Gaza. Moreover, it is the rulers of the Muslim World in general, and the surrounding countries in particular, that prevent the mobilization of the armies of Muslims.

The real question is what needs to be changed in the Muslim World to end the brutal occupation of Palestine?

To be sure, Ummah has made great strides in Islamic awakening, and continues to call for the mobilization of the armies of Muslims. The real challenge now is to transfer this public pressure onto the military institutions in the Muslim World. Here lies the answer. The sincere military commanders in the armies must remove every obstacle in their path. They must support a new political project for Ummah, the Khilafah Rashidah. The Khilafah will not liberate Palestine alone, but the entire world from the injustice of the Western colonialists.

The Western colonialists are united against the Ummah under the American leadership. The Jewish entity is fighting their war against the Ummah. The Prime Minister of the Jewish entity has presented his war against as a fight between “civilization and barbarism.” Europe also fully supports Netanyahu with weapons and media propaganda. The war in Gaza is a civilizational conflict between Islam and West.

Whilst the Kuffar are united against Muslims, the Islamic world is kept divided via agent rulers. The existing order is based on the divisive nation-state model, which prevents the mobilization of the armies. This artificial division has no roots in the societies of Muslims. The Muslims have the same thoughts and emotions from Indonesia to Morocco, when it comes to Gaza. These borders be easily removed by sincere commanders in armed forces. Only an Islamic world order can defeat the Western liberal world order.

The commanders of the armies of Muslims must not overestimate the strength of the enemies. Even the limited military response of Iran exposed the weakness of Jewish entity. The Jewish entity has is totally dependent upon military supplies from United States. The rulers of Muslims have provided America military bases to operate missile and air defense weapons. Without these bases, America is separated by oceans from the Muslim World. It is no surprise that the United States is fearful of the establishment of Khilafah (Caliphate). The armies of the Khilafah can easily cut off support from land, air and sea for the Jewish entity, before the liberation of Palestine.

As for the Muslims in general, we must meet our relatives and friends in the armed forces. The soldiers and officers of the armies are from us. They need to be given a clear vision for a new political project, the Khilafah Rashidah. The sincere commanders must grant their Nussrah (material support) for the establishment of the Khilafah Rashidah (rightly guided Caliphate). What a blessing to be the military commander who establishes the Khilafah and opens the doors of a liberated Al-Masjid Al Aqsa with his own hands. What a blessing to be the commander whose name will be mentioned along with the name of Salahudin, as a liberator of the Blessed Land of Palestine.
