

Press Release

Peace Talks while They Commit Horrific Massacres against Muslim Women and Children!!

(Translated)

The Syrian regime aircrafts carried out a new massacre targeting a funeral tent in al-Sukkari neighborhood of Aleppo, which led to the death and injury of more than 26 civilians including women and children. The targeting of the neighborhood came after a day of being targeted with toxic chlorine gas, leading to the injury of nearly 100 people who have suffocated and received first aid in medical points that lacked the necessary equipment and devices.

This is in addition to the successive raids by the crusader alliance warplanes on the neighborhood on Wednesday, which claimed the lives of more than 40 martyrs and wounded 57 people, mostly women and children, and destroyed several residential buildings.

Air raids are still incessantly occurring and the regime's pounding of the besieged neighborhoods of Aleppo continue despite the unremitting shuttle endeavors especially between America and Russia, to find a political solution to the crisis in Syria, deceiving the world that there are still a small number of issues that need to find a compromise! The Russian Foreign Ministry stated that Foreign Minister Sergei Lavrov and his US counterpart John Kerry discussed last Thursday, "possible cooperation between the two nations to defeat terrorist groups active in Syria". Meanwhile the parties have not yet reached a mutually acceptable agreement on Syria, as if Russia and America differ on Syria at a time when they are both in agreement of a conspiracy run by America. ﴿قَاتِلْهُمْ اللَّهُ أَنَّى يُؤْفَكُونَ﴾ **"May Allah destroy them; how are they deluded?"** [Al-Munafiqun: 4]

It has become clear that whenever meetings and talks are resumed between Russia and America and its lackeys, the more strikes are increased, raids are intensified and the death toll raised, especially among children and women. And here is Aleppo after Homs and its neighborhoods, and after Moadamiyat al-Sham and its suburbs, paid a high price for a revolution entitled "*Hiya Lillah*" (it is for Allah) and revolutionaries who have declared that their leader forever is Sayyidina Muhammad. It is a revolution that has attracted the zealous for their religion and the defenders of their honors, thus they were described as terrorists, and nations in the world allied against them, despite their differences and disputes on their fight. This takes place under the plain sight of the Muslim rulers who open their air spaces to the crusaders' aircrafts to kill Muslims, and grant dirty political money to buy cheap consciences, in

addition to their disgraceful attitudes against the blood of Muslim children and women in Syria.

The blood of Muslims has no worth or value to their rulers. Here Turkey has deafened its ears to the cries of women and the distress of children in Syria and turned a blind eye from their scattered bodies across the country. One of its latest statements came as a remark by the Prime Minister who said, "The government of the Syrian President Bashar al-Assad cannot be ignored in order to find a political solution to the Syrian multilateral conflict"! So we wonder: Did not the news of this massacre and its likes, such as the use of toxic gases and explosive barrels, reach the ears of the rulers of Turkey?! And will the pure blood be an incentive for the issuance of the long-awaited face-offs and bold decision-makings to give victory for the oppressed Muslims?!

Know then O Muslim rulers, that the women and children of Syria are not in need for your relief trucks or your condemnatory statements or your participation in dialogue meetings, for no one can heal their wounds except a guardian who fears Allah over them, supports them, strengthens them and stands against all those who wreaked on their land havoc and desolation.

Muslims in Syria do not accept the peace talks that took place between those who suck their blood, nor political solutions that bring an agent to deputize for another agent, for they are aware of the fact of the Russian role that is in stride with the US stance. That which they are trying to promote to people that America brings of humiliating points imposed by Russia, is only a political maneuver used by America due to its repeated failure to break the resolve of the Muslims in Syria and forcibly subject them to its haughtiness and dictatorship.

The calamities that are successively afflicting the Islamic nation are not confined to our people in Syria, rather all Muslims are living the same oppression and torment due to the spread of injustice and corruption and the absence of the rule of Islam among humanity.

But this injustice will be lifted no matter how long it lasts and how intensive its impact is. And the dawn of justice and fairness will shine soon, by the permission of Allah, especially as we see the Islamic Ummah has begun to wake up and the vitality and conviction streams into it of being one Ummah. And the West came to shudder from the idea of the Khilafah (Caliphate) on the method of the Prophethood and is trying its utmost effort to disrupt it. But they plan, and Allah plans and Allah is the Best of planners.
