## Another Brutal Aggression by the Jewish Entity against Jenin And Jordan's Foreign Minister is a Prisoner of the Vocabulary of Political Acquiescence!

(Translated)

Deputy Prime Minister and Minister of Foreign Affairs Ayman Safadi warned, on Monday, of the catastrophic consequences of the Jewish aggression against Jenin, and stressed the need for the international community to act immediately and effectively to stop the aggression and provide protection for the Palestinian people. Al-Safadi stressed that the Jews' repeated attacks on Palestinian cities will only contribute to increasing tension, which is also fueled by their illegal measures that undermine the two-state solution and kill hope in the chances of achieving a just and comprehensive peace.

Al-Safadi stressed that the Jewish entity should stop all its unilateral measures, and engage in real negotiations to end the occupation and resolve the conflict on the basis of the two-state solution as the only way to stop the deterioration and prevent the situation from exploding, and Al-Safadi condemned, during a phone call he had with the Secretary of the Palestine Liberation Organization, Hussein Al-Sheikh, the Jewish aggression against Jenin and considered it a dangerous escalation that would trigger wide cycles of violence, and Al-Safadi and Al-Sheikh stressed the need for the Jewish entity to abide by its responsibilities, as the occupying power, and to abide by the signed agreements and implement its obligations in the Aqaba and Sharm Al-Sheikh meetings.

These repeated statements and condemnations of the foreign minister of the Jordanian regime, with every aggression against the Jewish entity, no longer have any effect or value other than to provoke nausea and disgust from its absurdity and its emptiness of any political value or practical meaning other than shameful dependence and submission to the Jewish entity and what Safadi calls the international community and behind it America and Britain, to harmonize with the Palestinian Authority, which is conspiring to eliminate the Palestinian resistance, as agreed upon in Aqaba and Sharm Al-Sheikh, as evidenced by the vocabulary of his empty diplomatic statements at every incident or official meeting.

Vocabularies such as: “warned of the disastrous consequences of aggression,” “the need for action by the international community,” “protection for the Palestinian people,” “widespread cycles of violence,” “unilateral illegal Israeli measures,” “undermining the two-state solution,” and “the necessity of Israel’s commitment to its responsibilities,” and “undermining efforts to achieve calm.” It is no longer only consumed, but rather emphasizes the shameful political position, abandonment and dependence on the strategy of normalization and security and economic cooperation with the Jewish entity from all Arab countries and the Palestinian Authority. So how can those who claim to

stand by the Palestinian people and demand their protection, establish diplomatic relations and conclude economic agreements and security coordination with the Jewish entity, which are two practically contradictory matters?! Whoever stands by the Jews will not necessarily take action to protect the people of Palestine.

The international community, which the Foreign Minister does not tire of addressing, stands with the Jewish entity because it is necessarily America and Europe, speaking in the language of international law, and the two-state solution reduces the solution to the Palestinian issue to a solution that perpetuates recognition of the existence of the usurper Jewish entity. It is a project that no longer exists on the ground, but rather a divinity by which America and the Arab countries distract the peoples of the region and the people of Palestine. Here are Netanyahu's statements slapping these regimes when he said before the Knesset Foreign Committee a few days ago, "We must work to eradicate the idea of a Palestinian state and cut off the aspirations of the Palestinians to establish independent state for them." The spiral of violence declared by the Minister of Foreign Affairs also means accusing the people of Palestine of the Mujahideen and their resistance to the attacks of the occupying forces in light of the so-called truce. As for addressing the Jewish entity that it has to abide by its responsibilities, it is the third of the legacy, as the Jews are a people who do not have a covenant or trust, and they are known for their breaking of covenants, and Allah Almighty has told us about them in the decisive Revelation. ﴿أَوْكَلْنَا عَاهِدُوا عَهْدًا تَبَدَّلَهُ فَرِيقٌ مِّنْهُمْ بِنِ أَكْثَرِهِمْ لَا يُؤْمِنُونَ﴾ **“Why is it that every time they make a covenant, a group of them casts it aside? In fact, most of them do not believe.”** [TMQ Al-Baqarah:100]

The Jewish entity stormed the Jenin camp since dawn on Monday, in which it used large forces estimated at 1,000 soldiers and 150 military vehicles, accompanied by armored bulldozers and air forces; to the rise of 9 martyrs, while 80 others were wounded, including 17 in critical condition, so where are the practical moves of those who claim and demand the protection of the Palestinian people?!

### **O People in Jordan and Palestine, O Muslims:**

The practical and only solution to the question of Palestine cannot be through rounds of empty statements and hollow denunciations at every attack by the Jews against the people of Palestine, and an appeal to the complicit international system. Rather, it is by mobilizing the armies of the Ummah that yearns for jihad and martyrdom in the way of Allah (swt) to liberate Al-Aqsa, Al-Quds and all of Palestine.

﴿يَا أَيُّهَا الَّذِينَ آمَنُوا لَا تَتَّخِذُوا عَدُوِّي وَعَدُوَّكُمْ أَوْلِيَاءَ تُلْقُونَ إِلَيْهِم بِالْمَوَدَّةِ وَقَدْ كَفَرُوا بِمَا جَاءَكُمْ مِنَ الْحَقِّ﴾

**“O believers! Do not take My enemies and yours as trusted allies, showing them affection even though they deny what has come to you of the truth.”** [TMQ Al-Mumtahanah:1]
