The slogan also targeted the rest of the Muslims wherever they may be.

On the part of East Africa, Hizb conveyed the call in the presence of a magnitude of public listeners in three major Islamic cities along the East African region. In Mombasa City, Kenya the call was delivered inside Masjid Taqwa, by Ustadh Shaaban Mwalim, the Media Representative of Hizb ut Tahrir / East Africa. In Dar es Salaam City, Tanzania, the call was delivered inside Msikiti wa Simba Mbali by Masoud Msellem, Media Deputy Representative of Hizb ut Tahrir / East Africa. As for the part of Zanzibar, the call was delivered inside Msikiti wa Mianzini through Ali Amour, a member of the Media Office of Hizb ut Tahrir / East Africa. In all those major cities, the call was attentively received by Muslims soon after Jumaa Prayer.

The main objective of that international call, was to remind Muslims who are in authority and possess power and influence in the strong Islamic countries about their task and heavy duty, on their necks by sacrificing to protect Islam through offering NUSRA (victory) for the aim of re-establishing Islamic State Khilafah in one of any formidable Islamic country. In an endeavor to help Muslims rise from their current distress, plight and various unspeakable calamities that they undergo since the demolition of the last Islamic State Khilafah Uthmaniyya; and carry out the sublime duty of judging and ruling by Islam. On the side of all the Muslims, the call reminded them of the obligation join hands with Hizb ut Tahrir in the diligent work of working for the re-establishment of the Islamic State Khilafah. Since that is an obligation and commitment tantamount to other Islamic obligations. The call warned and urged the Muslims not to be spectators; instead they should join the journey without delay, since they are part of the Ummah.

We beseech Allah Taala in the beginning of this Holy Month of Ramadan, to make the call heeded, welcomed and soften the hearts of those in authority in the Islamic countries and make them give Nusra to one of the Muslim lands from the Islamic world and then spread to the entire world.

Finally, in our word, all praise be to Allah *Subhanahu wa Taala*.
