The Prophet (saw) said, «مَنْ حَمَلَ عَلَيْنَا السَّلَاحَ فَلَيْسَ مِنَّا» “Whoever takes up arms against us, is not from us.”

Under the Pretext of Encroachments, the Palestinian Authority Collaborates with the Occupation in the Aggression against the People of Palestine!

(Translated)

The Palestinian Authority (PA) committed a heinous crime this Wednesday morning by killing the young man Abdulqader Zaqdah, who was injured during their raid on Tulkarm camp. Several others were also injured. This invasion is carried out under the pretext of removing 'encroachments' on the public road, the same excuse they use every time (as they did in Balata camp in Nablus) to dismantle the barricades set up by the youth to obstruct the invasion of the occupation forces, thereby facilitating their entry into the camps!

This invasion and savage aggression aim to expose, to anyone with two eyes, the so-called national project represented by the authority. It emphasizes unequivocally that it is nothing more than a security project to serve the Jewish entity and an executive force that works against the people of Palestine. It is a project that is only carried out by those who betray Allah, His Messenger, and their own people and Ummah.

What the PA did in the Tulkarm camp today is not isolated from its role since day one, and it is not separate from what it has been doing recently in Jenin and its camp, as well as in Nablus and its camps. It is exactly the same as what the occupation does precisely, including arrests, chases, and killings if necessary. It is not separate from the meetings and summits in Aqaba and Sharm El-Sheikh either. All of this is aimed at stifling and eliminating every soul and Jihad voice of the Palestinian people. Using excuses to remove encroachments by excessive, indeed criminal, use of force does not cover the truth of the crime. Instead, it raises the recurring natural question: Where were these agencies during the Jewish entity's forces' encroachments on the camp, wreaking havoc, death, and destruction? What measures did they prepare to protect the people and lift the harm and aggression of the Jewish entity from them? Does removing concrete blocks require killing? Or is it a message to the people of Palestine that the authority will not hesitate to open fire on them, kill them, and that it does not give any consideration to "civil peace", and that blood is not a red line? Or is it a sign of the nature of its future role and what the people of Palestine can expect from it if they remain silent about its crimes against them?

O our people in the Blessed Land, the Palestinian Authority, with its crimes and coordination with the occupation, is pushing you and the mujahedeen to target the elements of the security authority with killing in self-defence. This will have serious consequences for you, and it aligns with what the settlers are seeking to impose new realities in the West Bank. The treacherous authority is pursuing the mujahedeen and implementing the policies of America and the enemies of Islam to make you a tasty morsel for the Jewish entity. You are aware that the settlers in the West Bank would not have achieved what they did if it weren't for the collusion of the authority and its provision of cover for a number of land brokers who leak properties and land to the settlers.

The real danger that threatens your survival is that the Palestinian Authority cooperates with the occupation to ignite the flames of strife and infighting among you. This is what the Jewish entity seeks, as in their view, you are people who can be killed, deported, or forced to live in humiliation under their rule without any resistance.

O Muslims, the resolution of the Palestinian issue and the lifting of oppression from its people can only be achieved through one solution, which is uprooting the Jewish entity from its roots and rejecting everything associated with it, whether they are domestic or international arrangements, or solutions that only serve to strengthen and secure it. Our cause is linked to Islam and to you, and on this basis, it must be resolved. With the help and strength of Allah, the Islamic rule will be established, and the Khilafah (Caliphate) on the method of the Prophethood will rise. Muslim armies will enter the blessed land to liberate it from the Jewish entity.
