The Absurd Jeddah Negotiations Ended Where It Began!

(Translated)

The Kingdom of Saudi Arabia, the United States of America and the Intergovernmental Authority on Development (IGAD), being a common representative of the African Union and IGAD, and as facilitators of the Jeddah II talks, on the commitment of the Sudanese Armed Forces and the Rapid Support Forces to take steps to facilitate increased humanitarian assistance and implement confidence measures...

The statement then talked about the previous commitment of the two parties on May 11, 2023, which they did not adhere to at the time. Then the statement issued by the Saudi Foreign Ministry concluded: "The facilitators regret that the two parties were unable to agree on agreements to implement the ceasefire during the first round...etc."

We in Hizb ut Tahrir / Wilayah Sudan, and in the face of this absurdity taking place in Jeddah, we affirm the following:

First: America is the one that ignited the war to eliminate the framework agreement and to remove European agents from ruling Sudan.

Second: America is in charge of the negotiation file in Jeddah, and the participation of its agents in the Kingdom of Saudi Arabia, the African Union, and IGAD is only like the participation of extras in theatrics, as it alone determines when negotiations begin, when they stop, and when the war ends.

Third: Since the Jeddah negotiations began six months ago, it has not focused on stopping this accursed war in any way. Rather, it has worked to fill time with secessionist issues and absurd truces that resemble the absurdity of war, with the intention of keeping the file in America's hands so that no party enters the line to dispute it. Rather, it sought, in this negotiation stage, to include some of its tools in the region. AU, IGAD, and perhaps later involve some clients; Egypt and South Sudan, as nominated in the news, to keep all the cards in their hands stained with the blood of Muslims everywhere.

Fourth: America, which has revealed its ugly face with its blatant bias, and its support of the Jewish entity with money, weapons, and men, whose brutality surpassed any other in killing children and women in Gaza Hashem and demolished homes atop the heads of their residents, and neither hospitals nor ambulances were spared from its brutality. America, which is a genuine partner in all these atrocities, won't be concerned about the Muslim people of Sudan, and we will never gain any good from it. ﴿إِنَّ الْكَافِرِينَ كَانُوا لَكُمْ عَدُوًّا مُّبِينًا﴾ **"Indeed, the disbelievers are your sworn enemies."** [An-Nisa 4:101].

O People of Sudan: If you want goodness, an end to this senseless war, and a decent life, then work to overthrow America's agents in the leadership of the army and the Rapid Support Forces, and overthrowing every agent of the colonial Kaffir West. Work with Hizb ut Tahrir to establish a life based on the great foundation of Islam, by establishing the second Khilafah Rashidah (Rightly-Guided Caliphate) State on the Method of the Prophethood, with which our Lord will be pleased with us, and with which we will all be happy in this world and the Hereafter.

﴿يَا أَيُّهَا الَّذِينَ آمَنُوا اسْتَجِيبُوا لِلَّهِ وَلِلرَّسُولِ إِذَا دَعَاكُمْ لِمَا يُحْيِيكُمْ﴾

"O believers! Respond to Allah and His Messenger when he calls you to that which gives you life." [Al-Anfal 8:24]
