Allah the Almighty Has Protected Ash-Sham and its People for His Messenger (saw)

(Translated)

On Friday 25/12/2015, air strikes of the criminal Russians targeted a meeting place for the leaders of Jaysh Al Islam in Eastern Ghouta. According to the media, this led to the martyrdom of many of them and among those killed was the leader of Jaysh Al Islam Zahran Alloush.

This criminal act shows, beyond any reasonable doubt, that the Kufr countries and their agents consider all the Mujahideen and revolutionaries on the land of Sham equal, they do not differentiate between parties, fighters and others. Although the attempts to classify and separate between a moderate and an extremist, and those who accept a political solution and reject this solution, are only pretexts to spread disunity between the people of Sham so they can accuse one another.

This criminal act should be a catalyst and what a catalyst, to withdraw from the Riyadh conference and all negotiating conference with the tyrant regime that plots against Islam and the Muslims ﴿وَمَكْرُ أُولَٰئِكَ هُوَ يُبْوَرُ﴾ **“And the plotting of those- it will perish”** [Fater: 10]

O you sincere Majahiduun in Jaysh Al Islam and all factions in the land of Sham:

The truth has become clearly evident, the regime and its allies, supporters and who protects them - Those who are the so-called friendly and brotherly states. They have nothing but hatred, treachery and betrayal towards the people of ash-Sham and their revolution, so beware of them and cut all their ropes, and reject all conferences and political solutions that come from them, because in that is our destruction and elimination of our blessed revolution.

The Almighty says: ﴿وَلَا يَزَالُونَ يُقَاتِلُونَكُمْ حَتَّىٰ يَرُدُّوكُمْ عَن دِينِكُمْ إِنِ اسْتَطَاعُوا﴾ **“And they will continue to fight you until they turn you back from your religion if they are able”** [Al Baqarah: 217]. This is what the Kaffir West and its agents has accustomed us to.

Let us declare our rejection of those solutions, negotiations and conferences, and let us hold firmly on to the rope of Allah not to the ropes of the West, and unite us on a project which stems from our Aqeedah, and pleases our Lord, and achieves our pride in Dunya and success in the Akhirah. Our goal shall be the elimination of the regime completely, its support and its symbols and establish Allah's rule instead in a righteous Khilafah state on the method of the Prophethood.

Thereby we respond to the conniving ways of our enemies and revenge the blood of our martyrs, and Allah is our Supporter and Helper, the Prophet (saws) has told us that Allah has protected Ash-Sham and its people. So work, so that Ash-Sham can become the abode of Dar Al Islam so you can deserve the protection of Allah.
