In the darkness on Monday night 29/08/2016, the political police returned once again to vandalize the main office of the Hizb ut Tahrir situated on the Sakkarah Aryanah intersection. They tore up the banner of the Hizb which had been put up on the roof of the building and that was second time this happened after they had torn it up on Sunday night 14/08/2016.

Because the regime’s workers know that they are dwarfs before a party that is strongly connected to its Lord and powerful in its Islam, that carries Islam not fearing the censure of those who disapprove or any consequences in Allah’s way, because of that they have prepared their strength by gathering together 300 of their henchmen and attacked the Hizb headquarters on Monday 29/08/2016. They forcefully entered wanting to remove the metal pole upon the building’s roof so that another banner carrying the Hizb’s sign could not be put up again. They falsely claimed, at the beginning, that they had come to implement a decree to remove it issued by the Aryanah municipality and when the one responsible for the office asked them for a copy of this decree it became apparent that there was no such decree from the authority!! Their henchmen then moved ahead to remove the metal pole contravening legal and administrative procedures and political customs.

The government in Tunisia, after having surrendered the Interior Ministry to the British embassy to formulate the security protocol and to set a security strategy for Tunisia, wants to prove to its European masters, the enemies of Tunisia and its people, that their training has not been in vain and that they are adept in attacking Hizb ut Tahrir and the carriers of the Islamic Da’wah.

The Tunisian government wants to oppose and stand against Hizb ut Tahrir and the Da’wah for the Khilafah (Caliphate) upon the methodology of the Prophethood. It cannot do that by thought and politics and not even by their unjust laws. So they trod over their laws and resorted to acts of thuggery and criminality whilst the police forces were provided at their disposal to make use of (just like what Ben Ali and before him Bourguiba used to do).

Verily, the government needs to know that the Ahkam of Islam that Hizb ut Tahrir is honoured to be bound by oblige it to proclaim the truth openly and that the government and its henchmen have become filled with lowliness to the point that it is now its form, and that the low will never overcome and defeat those who attach themselves dearly to Allah.

The government, its criminals and English masters must also know that the hour of the reckoning is drawing closer and that the Muslims will never forget their crimes. That the Khilafah state upon the methodology of the Prophethood, which its glad tidings of its coming have begun to appear, could have those like the heathens of Makkah who remained on their Kufir until the conquest of Makkah, however there will be heads and hands that will be severed and even if they cling to the curtains of the Ka’bah. At that time, the Europeans will not benefit them nor will the Americans or the NATO alliance, and it will be too late for regret.
